

SMIT 2007 in Japan

19th International Conference

SOCIETY FOR MEDICAL INNOVATION AND TECHNOLOGY

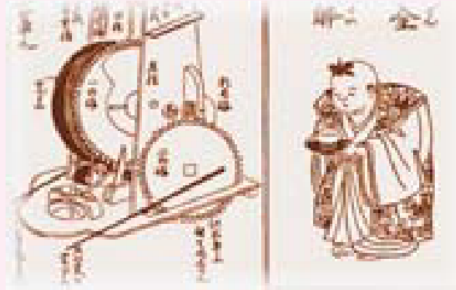

SMIT is a bridge between medical technologies and medical practice.

SMIT creates a precious opportunity for engineers and medical staffs to talk together.

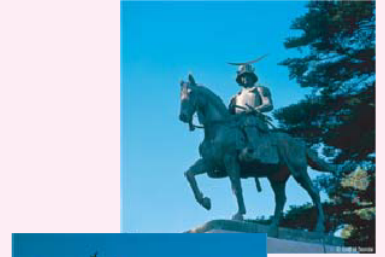

Medical innovations are conceived during the **SMIT** conference.

Those who see the future of medicine!

Welcome to Sendai, Japan!

**PRACTICE MEETS TECHNOLOGY.
TECHNOLOGY MEETS PRACTICE.**

20-22 November, 2007, Sendai, Japan
